Ecological Building Exhibition  
Shanghai 2006 : Educational  
Exchange Programme

This SummerSchool is the first milestone of a three year EcoExEdu University programme to accompany the Hamburg and Shanghai city partnership, which is working to deliver the Ecological Building Exhibition Shanghai in 2006.

15 students from Tongji University Shanghai and 15 students from the HFBK, HAW and TUHH will work on sustainable architecture and urban planning and will develop jointly concepts for a sustainable student residence of the new Hafencity University.
